ABOUT OUR COMPANY

Predator are industry leading suppliers of high performance, narrow access tree stump grinders.

From portable machinery to tracked, Predator supply cutting edge tree stump removal tools for Arboricultural professionals, Plant Hire firms, Local authorities and Contractors worldwide.

Founded by Arboricultural professionals for Arboricultural professionals, Predator design compact stump grinders that efficiently remove tree stumps in tough access environments.

Suiting the narrow access conditions of the UK perfectly, Predator stump grinders make our customers' lives easier and their businesses more profitable.

No one else supplies such a comprehensive range of compact kit. Name any competitor and we will comfortably show you how our range of machinery offers more value and productivity in tough access conditions.

Decades of shared experience in the field has given the Predator team a unique insight into the needs of a rapidly changing industry.

We have developed an enviable reputation for being innovators at the top of our game, supplying solid, high performance machinery with a back up service that is second to none.

CHAINSAW ATTACHMENTS

For an access all areas stump removal tool, look no further than the Predator ST661 & ST880 chainsaw attachments. Fit to the Stihl MS661 or MS880 chainsaw engine.

Manufactured in the UK from tough lightweight materials. The attachments can be transported in any vehicle and are easy to attach to your saw engine.

PORTABLE

The ST661 & ST880 are the perfect solution for the arb professional wanting to offer an access all areas stump removal service, without excessive outlay.

The attachments are compact - The ST661 can be carried at under 25kg. Simply take to site with the rest of your tools and you're ready to offer a stump removal service in your own time, whenever you want. It won't matter if the stump is in a back garden, up a bank, down steps, through a property or against a wall, you'll have the kit to look professional and complete the job.

ATTACHED ENGINE	STIHL MS-661	STIHL MS-880

PREDATOR 360

Looking for a small entry level stump grinder that will deliver big results? For arb firms with a demand for residential stump removal, this machine can be invaluable.

Designed to fit through the toughest access garden gates, with a central pivot for quick & easy grinding.

Width

26"

The Predator 360 is a high performance, compact and user friendly pedestrian stump grinder.

At only 26 inches in width, and with a central pivot for effortless grinding, this small machine makes light work of garden stumps.

In addition, with it's fold-over handle, lifting eyes and handles to the front and rear, the operator can transport the machine in practically any vehicle.

* Slew cut stump for quick and efficient stump removal

ENGINE	HONDA 13HP
LENGTH	1300 MM (51")
WIDTH	650 MM (26")
HEIGHT	1050 MM (41")
WEIGHT	145KG (320LB)
FUEL	PETROL 7.3L 1.8 GALLONS
CUTTING DEPTH	356 MM (14")
CUTTING HEIGHT	508 MM (20")
CUTTING SWING	812 MM (32")
CUTTER WHEEL	355 MM MULTI-TIP (14")
TEETH	4 X MULTI-TIP
START	PULL START

PREDATOR 38RX

One stump grinder for every job. Why buy multiple machines to offer a comprehensive stump removal service when one 38RX does it all.

The Predator 38RX is the ultimate in refinement. Smooth, powerful and reliable, it's the same powerful spec as the manual 38X, but fitted with an on-board CPU and industry leading Scanreco radio remote control.

Width

26"

With the radio control the 38RX is fully proportional and as accurate as a lever. The machine is also programmable, with the tracking and slewing speed adjustable, great for both operators and hire fleets.

The radio control allows excellent visibility and improved operator safety and positioning. Grind a stump without having to stand at the rear of the machine and maintain a safe distance when traversing rough terrain. Vibration levels are Zero. Control is absolute. The sophisticated controller with a range of 400 yards operates on a unique frequency, shutting down the machine if interference occurs.

ENGINE	KOHLER EFI 38HP
LENGTH	2400 MM (96")
WIDTH	670 - 1000 MM (26" - 39")
HEIGHT	1500 MM (60")
WEIGHT	1000KG (2200LB)
FUEL	PETROL 17L 4.5 GALLONS
CUTTING DEPTH	450 MM (18")
CUTTING HEIGHT	800 MM (30")
CUTTING SWING	1370 MM (54")
CUTTER WHEEL	480 MM (19")
TEETH	6 X MULTI TIP
START	ELECTRIC

PREDATOR 56RX

Access, power, capability - The 56RX has it all.

Built for high performance and versatility - The compact 56RX will not only handle residential and commercial stump removal, but can also transform into a narrow access powerpack for site clearance.

Width

31"

7 Tonne Winch
Attachment

Forestry Mulcher
Attachment

With radio control, dozer blade and tow bar as standard, combined with a rear hydraulic PTO for attachments, the 56RX is the most versatile compact stump grinder on the market.

At only 31 inches wide, this machine will work in a variety of environments, from back gardens to large commercial sites, delivering results fast. The variable tracks quickly extend up to 46 inches, allowing for stability on rough terrain and inclines. Hook up a range of attachments to the rear hydraulic PTO, including a forestry mulcher or 7 tonne winch, turning the 56RX into a site clearance powerpack.

ENGINE	KOHLER KDI 56 HP
LENGTH	2815 MM (110")
WIDTH	790 - 1180 MM (31" - 46")
HEIGHT	1625 MM (64")
